Hi-Pro® 2

Universal programming – Efficient fitting

Hi-Pro 2 improves fitting efficiency

- Universal programming interface for all hearing instrument brands
- USB connectivity – always ready
- Faster than Hi-Pro predecessors
- No training required
- Sleek, space-saving design
- Backward compatible – works with any hearing instrument that has been programmed by a Hi-Pro 2 device, regardless of version

natus® sensory

Your connection to greater fitting efficiency

Streamline your fitting processes

Hi-Pro 2 gives you an easy way to streamline your fitting processes. Developed in collaboration with hearing aid manufacturers, Hi-Pro 2 is the latest in the Hi-Pro series – long recognized as the industry standard for hearing instrument programming. Hi-Pro 2 has a universal hardware interface to program all brands and types of hearing aids – making hearing instrument programming fast, easy and reliable.

Save time

Hi-Pro 2 saves you time in the fitting process. Programming is faster than its predecessor. The high-speed mode enables fitting modules to communicate with the hearing instrument up to five times faster than the previous Hi-Pro USB version.

Unlike battery-driven programmers, the Hi-Pro 2 has plug-and-play USB connectivity, so it's ready – and working – when you need it. No training required.

Boost efficiency

One programming device covers your programming needs. Hi-Pro 2 programs all major hearing instruments. Sleek and discrete, Hi-Pro 2 comes as a space-saving stand-alone device or as an integrated part of the audiometer, Aurical® Aud. Hi-Pro 2 is also *backward* compatible, so it works with any hearing instrument that has been previously programmed by a Hi-Pro device, regardless of version.

TECHNICAL SPECIFICATIONS

PC Interface:

- Communication: USB 2.0 full speed (USB 1.1 compatible)
- USB Connector Type: "Type B" connector (on the Hi-Pro 2 unit)

Power Supply:

- The Hi-Pro 2 unit is powered from the PC USB port

Operating systems:

- Windows XP Pro SP3, Windows 7 (32 and 64 bit),
- Windows 8 (32 and 64 bit), Windows 10, Windows 11
